Savannah sunlight

Warm savannah light and sandy toes is on the top of our list this season.

We can hardly wait for spring to come and summer to take over.

We long to move freely, to take that trip and let the crisp sea air fill our lungs with hope and new beginnings – so come away with us into a new season and a catalogue with all that, and so much more.

Spring calls for glamping and glammers headwear wrapped up in a Boho feeling and lifestyle.

With lots of new animal printed turbans in beautiful vibrant colours, the savannah tents and morning mist creates the perfect setting for the new collection.

Christine takes us on a trip to white sandy beaches and wavy, green grass fields.

Her collection is a mix of brightly coloured Caretech® Bamboo and sophisticated linen prints with gold glitter – perfect for warm summer days.

Our smart and classic Viva collection will add a super look to any spring and summer outfit. Whether you like sharp red colours or tone in tone earth colours, the grab & go program from Viva is an excellent choice.

Choosing your headwear for the first time can be overwhelming

– “what do I need, how will I look and how will it make me feel”? Headwear comes in many shapes and forms and your choice should make you look and feel like the person you are by heart – with your beautiful new turban silhouette.

Welcome all, to our headwear universe, we hope to inspire you to try new models, stylings and in general just to make it ‘your own kind of wonderful’.

CHRISTINE HEADWEAR bamboo collection

The bamboo-viscose products from Christine Headwear are made in the unique and functional Caretech® Bamboo quality.

Bamboo-viscose fabric has many fantastic features and the soft and comfortable quality is actually used to form the largest part of the Christine Headwear product range.

The Caretech® Bamboo is supremely soft, silky and luxurious to the touch. It is breathable and thermo-regulating so you remain comfortable and dry during both summer and winter temperatures. The fabric is more moisture absorbent than cotton and quickly removes the moisture from the skin and releases it.

Further the eco-friendly Caretech® Bamboo products are extremely gentle to wear and highly suitable to use against sensitive skin.

CHRISTINE HEADWEAR underwear collection

The Christine underwear top is a unique and comfortable underwear piece developed with both intelligent features and materials.

Comfort in clothing, underwear in particular, is often dictated by your body temperature. It can, however, be difficult to maintain a balance at 37.5-degrees when our body goes through changes, either due to surgery, treatment for critical illnesses or when suffering Alopecia.

It can be hard to control the hot and cold flushes that makes us so uncomfortable, but this top will help you! The 37.5® Technology used in the fabric material helps control your core temperature, regulates it and will keep you in the optimal 37.5-degree comfort zone at all times.

For further comfort and convenience, we've constructed the top so you can get dressed without having to pull it over your head, which can be difficult when having gone through a breast or under arm surgery. The neck line is beautifully placed and has an elegant and feminine silky satin trim.

A truly comfortable and practical top made particularly for your wellbeing.

CHRISTINE HEADWEAR soft lift hat

The Soft Lift Hat from Christine Headwear is a revolutionary design protected headwear piece, which will provide the perfect fit and lift under your wigs and headwear.

A small hat that will make a big difference to the look and feel of your head coverings, as it gently lifts and adds a fine, natural volume to the back of the head. The soft, breathable and light 37.5® fabric material will ensure you stay comfortable as it helps the covered area maintain an optimal 37.5-degree temperature - regardless of how you choose to cover it.

To make this clever little lift, a light mesh pad has been insertet under a soft top layer. This will add a beautiful rounded shape to the back of your head whilst leaving you comfortable, feeling nothing but carefully and gently protected.

The results are nothing but fantastic and you'll find your headwear and wigs will get a brand new, fine and elegant look to it.

Only the best is good enough

The Christine products are CE labelled, which means they classify as medical devices according to EU Directive (MDR 2017/745) concerning medical devices. By definition of the EU Directive a medical device is a material intended to be used by women for the purpose of protection of the skin against the heat, sun and the cold. Further, it is intended to relieve physical and mental discomfort resulting from hair loss as well as a general protection of women, who have lost their hair due to chemotherapy and other hair loss related illnesses. In addition, the CE mark is your guarantee that the products are appropriate and safe to use and wear.

We recommend handwashing your new headwear and laying it flat to dry. Do not tumble dry.

This catalogue is printed on FSC and Nordic Ecolabel certified paper.

37.5° TECHNOLOGY

Comfort in clothing is dictated by our temperature and the humidity next to our skin, known as our microclimate. When our microclimate balances at 37.5% relative humidity and our core temperature balances at 37.5 degrees, we are in the optimal comfort zone.

37.5° Technology headwear and clothing helps control the core temperature by accelerating the movement of moisture vapour before it can turn to liquid sweat.

If we get warm and damp, the 37.5° products will dry faster – up to 5 times faster than a similar product without 37.5° Technology. And, when moisture is removed from our headwear and clothing, we stay warmer when it's cold and cooler when it's warm.

The active particles used in 37.5° are derived from natural sources such as coconut shells and volcanic minerals. A combination of these special sources and the product features makes this a rather unique and intelligent headwear and clothing line.

Find further information about product care and safety on our website.
